

WECO-MATIC

Vakuum-Verpackungsmaschinen

Jet2002FT

Our popular standing unit with 2 sealing bars

WECO-MATIC offers an ideal vacuum packaging system for keeping food fresh at normal refrigerator temperature. Housing and chamber of our machines are completely made of stainless steel and even meet the hygiene requirements in the medical field

The JET-SERIES, equipped with the following features:

- Deep-drawn vacuum chamber without corners, so easy to clean
- Precise setting of vacuum and Welding time and soft ventilation, optionally with Gassing (MAP), pump maintenance program
- Double separation welding (without disturbing cables in the chamber), the protruding edge of the bag is simply separated

Max. bag size: 400 x 500 mm

Technical Specifications

External dimensions in cm (W x D x H)	69,5 x 71 x 102,5
Chamber size in cm (W x D x H)	50 x 52 x 20
Sealing length in cm	2 x 52
Distance between sealing bars in cm	50
Vacuum pump in m ³ /h	63
Voltage in Hz	400 V-3-50
Power consumption ()	2,4-3,5 kW
Weight in KG	165

Extra Features

Sensor control (for precise end vacuum)	+
Programmable controller	standard
Gas flushing (MAP)	+
Soft ventilation	+
2. Sealing bar	standard
Angle seal	-
1-2 separation seal	+

Accessories

Angled insert	+
Insert plates	standard
Mobile base (48 x 60 x 57 cm)	-
GreenVac connection	-
