

M50-2

Our multiple packer with 2 sealing bars

compact - complete - trustworthy

The motto of our tabletop series is
Set up – plug in – pack!

The M50-2 is very interesting for the following reasons:

- The machine can double the amount on portion packs at the same time cycle to be packed.
- D The machine performs the same as two smaller devices – at a relatively cheap price purchase price. Space and staff savings!
- Also standard with:
 - 21 m³ / h vacuum pump
 - 2 x double cutting weld and pump maintenance program.
 - Despite its size, it fits on the 60's standard tables

Max. bag size: 400 x 600 mm

Technical Specifications

External dimensions in cm (W x D x H)	49 x 61 x 47
Chamber size in cm (W x D x H)	43 x 51 x 18
Sealing length in cm	42
margin between two sealing bars in cm	41
Vacuum pump in m ³ /h	21
Voltage in Hz	230 V-1-50
Power consumption ()	0,75-1 kW
Weight in KG	65
